Economic Overview

The total economic impact of Scottsdale Airport is \$119.6 million per year. This impact originates from a variety of general aviation-related activities, as well as travel and tourism.

These activities have contributed to the economy in the surrounding community, county and state.

Airport Highlights

- \$8.5 million in state and federal funds invested in capital improvements in the past five years
- 208,464 total aircraft operations in 1998
- 5.7 million gallons of aviation fuel pumped in 1997
- 8,000 total passengers in 1997
